

Typical Waco Oval 1930s Style Instrument Panel

The following lists are for PropagTeam Instruments (see source pages). They have the best looking instrument faces that most closely resemble the instruments used on the Wacos of the 1930s. Diameters are for 1/5th scale as I have received them.

| Inst. # | Inst. Name (Pica YMF Detail List) | Diameter | ProPagTeam # |
|---------|---|----------|--------------------------------------|
| 1 | Cylinder Head Temp. worry you can't read it with out a magnifying glass) | 12 mm | 51054 (Czech wording on Gauge, don't |
| 2 | Climb Indicator | 15 mm | 51064 |
| 3 | Altimeter | 15 mm | 51169 |
| 4 | Oil Temp. | 12 mm | 51223 |
| 5 | Turn & Bank | 12 mm | 51139 |
| 6 | Manifold Pressure | 15 mm | 51183 |
| 7 | Oil Pressure | 12 mm | 51215, |
| 8 | Tachometer | 15 mm | 51221 |
| 9 | Compass | 12 mm | 51014 |
| 10 | Airspeed | 15 mm | 51156 |
| 11 | Clock | 12 mm | 51072 |

| Inst.# | Inst. Name (UBF-2 Inst. Photo) | ProPagTeam # |
|--------|---|--|
| 1 | Magneto Switch | ¼ scale Controls GA A/C p/n 2022-4 |
| 2 | Airspeed | 15 mm 51156 |
| 3 | Tachometer | 15 mm 51221 |
| 4 | Clock | 12 mm 51072 |
| 5 | Compass | 15 mm 51014 |
| 6 | Amp meter | 12 mm 51224 |
| 7 | Cylinder Temp worry you can't read it with out a magnifying glass) | 12 mm 51054 (Czech wording on Gauge, don't |
| 8 | Temp, Oil Press, Fuel Press | 15 mm 51074 (combination 3 in 1 guage) |
| 9 | Turn & Bank | 12 mm 51139 |
| 10 | Altimeter | 15 mm 51169 |
| 11 | Engine Primer (modify) | N/A See #1 above p/n 2022-4 |

I used the ¼ scale Compass (15mm), Turn and Bank (15mm) and Magneto Switch (16mm surface mount) to get the correct size for my panels (change scales on InZpans site when ordering), same part numbers.

For Both Instrument Panels

| | |
|-----------------------------|--|
| Toggle Switches (pkg of 10) | 2002 |
| Screws for instruments | 2011 (40 ea, about 10 instruments @ 4 per) |
| Seat Belt -2 point | Optional 2018 |
| Seat Belt – 4 point | Optional 2019-5 (Expensive at about \$25) |

You will have to state what scale you will need when ordering. I tried to see if Hobby Lobby (US Distributor of PropagTeam instruments) could order individual units, but they only carry the General Aviation sets for more modern aircraft. InZapan (a British Distributor) does sell the individual units at about \$2 apiece (depending on the exchange rate) and is pretty reasonable in shipping time from the Czech Republic (about 2 weeks).
